

Annuity Payment Rolls for the Chippewas of Saginaw, Swan Creek, and Black River for the Year 1864.

A common provision in Indian treaties was the payment of an annual annuity, for a fixed period of time, to every individual tribal member who was a party to the treaty. The following payment schedule was for the payment made in 1864 under provisions of the treaty of August 2, 1855, Article Two, Third Part, which states:

One hundred and thirty-seven thousand and six hundred dollars in coin, in ten equal instalments of ten thousand dollars each, and in two subsequent equal annual instalments of eighteen thousand and eight hundred dollars each, to be distributed *per capita* in the usual manner for paying annuities.

The annuity roll was organized by band and lists each head of household and the number of men, women, and children in each family. Unfortunately it is not a census where each family member is listed, but it does provide other useful information. The original roll can be found in the National Archives microfilm series M234, Roll 407, Frames 678-708.

This is part four of a series of documents that will be produced in this format relating to Great Lakes Indian genealogy and history. The previous documents are listed below and are available by email request to larrywyckoff@att.net.

1. 1836 Michigan Ottawa and Chippewa mixed-blood census.
2. 1910 Chippewas of Lake Superior census.
3. 1895 Potawatomi census (Cadman Roll).

We the Chiefs, Headmen, Heads of Families and Individuals without families of the Chippewas of Saginaw, Swan Creek and Black River Indians within the Mackinac Indian Agency do hereby acknowledge the receipt and payment to us by Dewitt C. Leach United States Indian Agent in distributive shares of \$6.32 Dollars each of the sum of Ten Thousand Dollars – its being the cash annuity due the said Indians for the year 1864 under the treaty of August 2d. 1855.

Chippewas of Saginaw, Swan Creek, and Black River Annuity Payment Roll for 1864
